

Welcome.

Find out how to get the most out of your health plan.

United
Healthcare®

Let's do this.

Thank you for being a member.

We're here to help make each step of your health care experience easier. Take a look at this guide to help you better understand your benefits, find care options, manage costs and get more out of your health plan.

What's inside:

- Getting started.
- Finding the care you need.

Call toll-free.

If you don't have computer access, need language assistance or still have questions after reading this, please call the toll-free member phone number on your health plan ID card.

Activate your myuhc.com account.

When it comes to managing your health plan, **myuhc.com**[®] lets you see what's covered, manage costs and so much more. To help everyone get the most from their plan, it's important that each member age 18 and over create their own account. Use **myuhc.com** to:

- Find and estimate the cost of care.
- See what's covered.
- View claim details.
- Check your plan balances.
- Find network doctors.

Set up your account today.

- Go to **myuhc.com** > **Register Now**.
- Have your ID card handy and follow the step-by-step instructions.

Download the UnitedHealthcare app.

The **UnitedHealthcare**[®] **app** puts your health plan at your fingertips. Download it to:

- Find nearby care options in your network.
- See your claim details and view progress toward your deductible.
- View and share your health plan ID card with your doctor's office.
- Video chat with a doctor 24/7.

Simple ways to save.

Stay in the network.

The doctors and facilities in the network may have agreed to provide services at a discount—so staying in network makes sense, especially when visiting an out-of-network provider could end up costing you a lot more for care. Sign in to **myuhc.com** > **Find Care & Costs** or use the UnitedHealthcare app to locate:

- Labs
- Hospitals
- Mental health professionals
- Network doctors

Shop around.

With such a wide variety of services, from minor procedures to major surgeries, it's a good idea to check approximate pricing first. Visit **myuhc.com** > **Find Care & Costs** to estimate your costs. Members who comparison shop may save up to 36%* for care near them.

Get connected to care.

Pick a network PCP.

A PCP is a primary care provider, sometimes called a primary care physician or doctor. A PCP can be a family practitioner, internist, pediatrician or general medicine physician.* Although your plan does not require you to choose a PCP, it's a good idea to have one. Your PCP generally:

- Knows your history.
- Builds an in-depth knowledge of your health over time.
- May guide you on the best path of care.
- Can advise you when to see a specialist and provide electronic referrals.

Find a network provider.

Sign in to myuhc.com > **Find Care & Costs** to find a network PCP, clinic, hospital or lab based on location, specialty, reputation, estimated cost of services, availability, hours of operation and more. You can even see patient ratings and compare cost estimates before you choose a provider. If you would like more information about a provider's qualifications, call the toll-free member phone number on your ID card.

Make more informed choices.

The **UnitedHealth Premium® program** uses national, evidence-based, standardized measures to evaluate physicians in various specialties to help you locate quality providers. Find UnitedHealth Premium Care Physicians by going to myuhc.com > **Find Care & Costs** and look for the blue hearts.

Keep up on preventive care.

Preventive care—such as routine wellness exams and certain recommended screenings and immunizations—is covered by most of our plans at no additional cost when you see network providers. A preventive care visit may be a good time to help establish your relationship and create a connection for future medical services. Learn more at uhc.com/preventivecare.

**It's good
to know.**

**And good
to save.**

*Laws in some states allow you to choose a specialist, like an OB/GYN, as your PCP.

Know what to do if you need:

Hospital care

Talk to your PCP first to determine which hospital in your network can meet your medical or surgical needs. You or the admitting physician may be required to notify us before you're admitted.

Prior authorization

Your plan may also require prior authorization, sometimes called preauthorization, before you receive certain services. This means that you or your network provider may need to get approval from your plan before the services are covered. Call the toll-free member phone number on your ID card or sign in at myuhc.com > **Coverage & Benefits** to check if prior authorization is needed.

Here's how a typical health plan works.

Let's take a look at an example of how a typical plan works when you receive care from a network provider. Your plan may be different than this example, so to find your specific details go to myuhc.com > **Coverage & Benefits**.

		For example:
At the start of your plan year...	<p>You're responsible for paying 100% of your covered health services until you reach your deductible, which is the amount you pay before your health plan pays a portion.</p>	You pay 100%
Once you reach your deductible...	<p>Your health plan starts to share a percentage of the costs for covered health care services with you—this is your coinsurance.*</p>	You pay 20%* Your plan pays 80%*
When you reach your out-of-pocket limit...	<p>Your plan covers the costs (the allowed amount) for covered health services at 100%. Your out-of-pocket limit is the most you'll pay for covered health services in a plan year— coinsurance count toward this.</p>	Your plan pays 100%

*Your coinsurance may vary by service. This example is for illustrative purposes only. Please visit myuhc.com > Coverage & Benefits for your coverage details.

Get to know your care options and costs.

How much you pay for care can depend on where you get it—and a great place to start is with your PCP. For serious or life-threatening conditions, call 911 or go to an emergency room.

Did you know?

Emergency rooms are likely the most expensive place to get care. When you need to be seen, consider the chart above to help you find care. If you're still unsure about what's best for your situation, sign in to myuhc.com > **Find Care & Costs** to locate a network provider or call the member phone number on your ID card for support. If you have a question about what's covered by your plan, visit myuhc.com > **Coverage & Benefits** for answers.

Member phone number services should not be used for emergency or urgent care needs. In an emergency, call 911 or go to the nearest emergency room. The information provided through the member phone number services are for informational purposes only and provided as part of your health plan. Wellness nurses, coaches and other representatives cannot diagnose problems or recommend treatment and are not a substitute for your doctor's care. Please discuss with your doctor how the information provided is right for you. Your health information is kept confidential in accordance with the law. Member phone number services are not an insurance program and may be discontinued at any time.

Certain preventive care items and services, including immunizations, are provided as specified by applicable law, including the Patient Protection and Affordable Care Act (ACA), with no cost-sharing to you. These services may be based on your age and other health factors. UnitedHealthcare also covers other routine services, and some plans may require copayments, coinsurance or deductibles for these benefits. Always review your benefit plan documents to determine your specific coverage details.

Evaluation of New Technologies: UnitedHealthcare's Medical Technology Assessment Committee reviews clinical evidence that impacts the determination of whether new technology and health services will be covered. The Medical Technology Assessment Committee is composed of Medical Directors with diverse specialties and subspecialties from throughout UnitedHealthcare and its affiliated companies, guest subject matter experts when required, and staff from various relevant areas within UnitedHealthcare. The Committee meets monthly to review published clinical evidence, information from government regulatory agencies and nationally accepted clinical position statements for new and existing medical technologies and treatments, to assist UnitedHealthcare in making informed coverage decisions.

For informational purposes only. Nurse, coach, and EAP services should not be used for emergency or urgent care situations. In an emergency, call 911 or go to the nearest emergency room. The nurse or coach service can't diagnose problems or recommend specific treatment. The information provided by the nurse, coach or EAP services are not a substitute for your doctor's care.

The UnitedHealth Premium® designation program is a resource for informational purposes only. Designations are displayed in UnitedHealthcare online physician directories at myuhc.com®. You should always visit myuhc.com for the most current information. **Premium designations are a guide to choosing a physician and may be used as one of many factors you consider when choosing a physician. If you already have a physician, you may also wish to confer with him or her for advice on selecting other physicians. You should also discuss designations with a physician before choosing him or her. Physician evaluations have a risk of error and should not be the sole basis for selecting a physician.** Please visit myuhc.com for detailed program information and methodologies.
